

GAWLER RIVER PONY CLUB
USE OF GROUNDS OUTSIDE OF SCHEDULED RALLY TIMES

As a member of Gawler River Pony Club I would like to apply for permission for

(All members of a family who wish to ride are to be listed above. Riders must be fully financial riding members of GRPC)
to use the grounds outside of scheduled rally times to train/work horses.

(Applicant to sign)

(Club President to sign)

I understand that while riding:-

- Riders must have the permission of the Club.
- Riders must be accompanied by an adult. This is especially important if intending to jump, but applies to other riding activities as well.
- Riders must only jump their carded height for both Showjumping and Cross-Country.
- Riders must wear currently approved helmet and riding boots.
- **Riders do so at their own risk.** PCASA Insurance does not offer cover under these circumstances.

Further to these requirements:-

- GRPC members should not invite others to ride on the grounds unless special permission is sought from the Club President.
 - Riders are not to interfere with other activities/practices scheduled outside of rally times.
 - Any equipment used must be put away after use.
 - Should damage occur/or be noticed, to any Club equipment/property it should be reported to the Club President as soon as possible.
 - Riders should be aware that the grounds are at times used by pedestrians and people exercising their dogs.
-

I have read and understood the requirements above and would like to apply for

(All members of a family who wish to ride are to be listed above. Riders must be fully financial members of GRPC)
to use the grounds outside scheduled rally times.
