Age: 14

Pony

Show name: Lynburn Monarch

Normal name: Archie

Age: around about 7 years

Height: 13.1-13.2

Colour & markings: chestnut, thick mane

Likes: eating carrots, being with his paddock buddy and being brushed.

Dislikes: being alone, standing still and not being able to eat

Pony lives: at home, in a paddock with his paddock Buddy.

My highlights: when I first got Archie and my first Pony Club with him.

I love my pony because: he is so CUTE, he is so good to ride and he is so quiet for me.

Person I most admire: Denise Piggott, because she has helped me out so much with riding and taught me more about riding.
