

Pony profile

Name: Bree
Age: 12 years old
Pony
Show name: Kerulen Felspar
Normal name: Rocket, Rocky, Rocki
Age: 6
Height: 13.2 hands high
Colour & markings: chestnut, blaze and 4 small socks
Likes: playing chases with the other ponies, following cats and dogs, being ridden and eating fingers, hair and clothes
Dislikes: leaving friends to go on the float.
Pony lives: at my house in his yard or paddock with paddock friends during the day.

My highlights: doing a full course of show jumping (he was so good), my lessons with Kirsty and riding bare back and not falling off!!!

Some great things about Rocki are he is so quiet for his age, so friendly and does his best to please you.

I most admire Brad French because he is always teaching you new things and is so fun.
